LYNX is operated as an interpretation of an 1812 Privateer and as such requires all volunteer crew, trainees and guests to be in excellent physical condition. Those persons serving as volunteer crew, or trainees will participate in strenuous activities, including climbing significant heights and lifting and carrying heavy loads. As an 1812 model ship, access to cabins requires use of ladders and ability to move about in confined and close quarters.

Parent/Guardian Consent:

I consent to my child or ward participating in the LYNX voyage as described above and realize that if he/she is a successful applicant, I may be required to sign a more detailed consent form and have a family physician complete a current medical report on my child or ward.
